

# Wall Range Hood, 24", Pyramid Chimney

Series 7 | Contemporary

Stainless Steel

This wall chimney range hood has contemporary styling, extracting steam, grease and cooking odors quietly and efficiently.

- With three fan speeds, select the perfect extraction rate for your cooking
- Energy-efficient LED lighting to illuminate your cooking surface
- Powerful 600CFM maximum airflow blower
- Compliant with Title 24 regulations

## DIMENSIONS

|        |                   |
|--------|-------------------|
| Height | 38 3/8 - 21 1/16" |
| Width  | 23 9/16"          |
| Depth  | 19 11/16"         |

## FEATURES & BENEFITS

### Easy Installation

This wall chimney vent hood is the perfect partner to your Fisher & Paykel cooktop. It can be either externally ducted or internally recirculated, making it perfect for apartments.

### Simple To Clean

Two filters effectively trap grease particles during extraction. They are easy to remove and dishwasher safe, or can be cleaned by hand in hot soapy water.

### Complementary Design

This wall chimney ventilation hood's stainless steel finish will complement any contemporary kitchen and is designed to match the rest of Fisher & Paykel's kitchen appliance family.

### Design Quality

Made from quality stainless steel with an excellent finish and robust product design, this range hood is both visually appealing and durable.

### Considered Efficiency

The extraction rate ensures interior air is not excessively removed to the outside, while LED lighting on the range hood has been chosen for energy efficiency.

## SPECIFICATIONS

### Accessories

|                  |        |
|------------------|--------|
| Aluminium filter | 792558 |
|------------------|--------|

### Accessories (sold separately)

|                   |   |
|-------------------|---|
| Chimney extension | • |
| Light bulb        | • |

### Fan ratings

|                            |         |
|----------------------------|---------|
| Maximum speed sound rating | 12sones |
| Speed 1 sound rating       | 2sones  |

### Installation and cleaning

|                              |                |
|------------------------------|----------------|
| Air outlet size              | 8"             |
| Dishwasher safe filters      | 2              |
| Ducted                       | Top extraction |
| Recirculation                | Optional       |
| Stainless steel filter cover | •              |

### Performance

The product dimensions and specifications in this page apply to the specific product and model. Under our policy of continuous improvement, these dimensions and specifications may change at any time. You should therefore check with Fisher & Paykel's Customer Care Centre to ensure this page correctly describes the model currently available. Fisher & Paykel Appliances Ltd 2020

#### Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
