Features & Benefits

**Multi-shelf cooking**  
Our AeroTech™ system circulates air evenly throughout the entire oven so dishes on the top shelf turn out just as perfect as food cooking on the bottom shelf.

**Quality and durability**  
Every detail has been carefully crafted. The solid, perfectly balanced soft-close door, durable cooktop trivets and glowing halo dials all add up to an exceptional, premium range.

**Easy to clean**  
Cleaning up spills is effortless. Your cooktop simply needs a quick wipe to keep it looking good as new. The self-clean function breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.

**Burner power & control**  
Instant and immediate control from the highest to the gentlest heat. The finely tuned cooktop controls let you sear, stir fry or simmer a delicate sauce to perfection.

**Large capacity oven**  
The generous 4.9 cu.ft total capacity oven gives you plenty of space to cook multiple dishes at once.

**Precise control**  
Accurate electronically-controlled oven heat gives you better results in the kitchen.
