OPERATING INSTRUCTIONS - STARTING A WASH

1. **Discard scraps**
   - Scrape large food particles off (e.g., bones, fruit stones) and remove any foreign objects (e.g., toothpicks, strings, paper).

2. **Load dishes carefully**
   - To help with wash performance, arrange dishes so they are evenly spaced and not nesting.

   **IMPORTANT!**
   - Accommodates plates up to a max height of 280mm (11”) for standard tubs or 310mm (12 1/4”) for tall tubs.

3. **Check spray arm(s) are mounted correctly and can rotate fully around**
   - Check the spray arm is mounted correctly by physically rotating it around with your hand.
   - Before a wash, ensure there are no items blocking the spray arm(s) from rotating.

4. **Add detergent**
   - Fill the detergent dispenser (A) with powdered detergent and close the dispenser door.
   - Do not place liquid detergent or tablets in the detergent dispenser.

   **IMPORTANT!**
   - **Powdered Detergent**

5. **Check rinse aid**
   - If the indicator on its plug (C) glows bright red, refill the rinse aid dispenser (B) with liquid rinse aid.
   - Make sure you then refit the rinse aid plug back into its original position, by rotating the plug back into an upright position.

6. **Select wash**
   - Press to select a wash program.

7. **Start wash or set Delay start**
   - To start wash:
     - Close the drawer and press OR Press on the control panel before closing the door.
   - To set delay start:
     - Press and hold until you hear two tones. The lock indicator will light up.
     - To cancel keylock/chillock:
       - If the drawer is open
         - Press and hold until you hear a tone. The lock indicator will light up.
       - To cancel keylock/chillock:
         - If the drawer is closed
           - Press and hold until you hear a tone. The lock indicator will go out.

**CONTROLS AND INDICATORS**

**Indicators Description**

- **Wash program indicators**
  - If lit: The wash program has been selected.

- **Lock indicator**
  - If lit: Keylock or childlock is activated.

- **Delay start indicator**
  - If lit: Delay start is set. The wash program will start after the selected time delay (1-12h)

**WASH PROGRAM**

<table>
<thead>
<tr>
<th>WASH PROGRAM</th>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Heavy</td>
<td>Heavily soiled pots, pans and dishes.</td>
</tr>
<tr>
<td>Medium</td>
<td>Dishes that are quite heavily soiled or food soils that have been left to dry overnight.</td>
</tr>
<tr>
<td>Eco (default setting)</td>
<td>Normally soiled dishes for optimum water and energy usage. The US/Canada Energy Guide is based on this program.</td>
</tr>
<tr>
<td>Fast</td>
<td>Lightly soiled dishes.</td>
</tr>
<tr>
<td>Delicate</td>
<td>Lightly soiled and heat sensitive crockery.</td>
</tr>
<tr>
<td>Rinse</td>
<td>Prevents odours and soils from drying on dishes.</td>
</tr>
</tbody>
</table>

  - Close the drawer and press OR Press on the control panel before closing the door.
- **To Pause:**
  - Press:
    - Wait for three short and one long tone before opening the drawer.
- **Delay start**
  - If the drawer is not restarted within seven minutes it will sound intermittently until it is restarted.
  - If drawer is opened after delay start has been set (for example, to load more dishes), delay start will be suspended.
- **C/D models only US/CA**
  - If drawer is not closed within 4 seconds of setting delay start, OR If the drawer is opened after delay start has been set (for example, to load more dishes), delay start will be suspended.
- **To resume:**
  - Press and close the drawer OR close the drawer and press 
  - Cancel wash/delay start:
    - Press and hold or 
    - If there is any water in the drawer, it will automatically drain before the dishwasher turns off.
DURING AND AFTER THE WASH

During the wash the button on the dishwasher door will be illuminated. At the end of the wash the dishwasher will beep six times and the button will stop being illuminated.

You may notice the following noises at the end of the wash. These are all part of normal operation:
- Both drawers may be draining simultaneously.
- The drying fan may continue to run after a wash program has finished for a set time or until the drawer is opened.

The fan assists with drying and uses negligible amounts of energy.

For best drying results, we recommend unloading the dishes within a few hours after a wash program has finished.

DO AND DON’TS OF LOADING

A neatly arranged load with evenly spaced dishes helps wash performance.

Sharp or pointed items must be placed horizontally or with sharp edges/points facing down to avoid risk of injury.

Overcrowding reduces wash performance.

Ensure there is enough space between plates. Mix spoons, knives and forks within the cutlery basket to prevent them from nesting.

Ensure that water reaches all items on the racks.

If plates and cutlery are nesting, they are less likely to be cleaned well.

Dishware is blocking water from reaching items on the racks.

PROFESSIONAL OPTIONS

You can choose to change the setting of these options to suit your preferences or circumstances. We recommend selecting the most suitable settings before you start using your dishwasher.

<table>
<thead>
<tr>
<th>OPTION</th>
<th>RINSE AID</th>
<th>WATER SOFTENER (SOME MODELS ONLY)</th>
<th>OPEN DRAWER AUTO POWER-ON (SUITEABLE AS A SABBATH OPTION)</th>
<th>TURN TONES OFF</th>
<th>CLOSED DRAWER AUTOLOCK</th>
</tr>
</thead>
</table>
| What does it do? | Regulates the amount of rinse aid dispensed. Reduce this setting if there is excess foam after a wash. Increase this setting if dishes are wet or streaky after a wash. | Refer to the ‘Water softener’ section of the ‘User guide’ for details. | Your dishwasher is factory-set to automatically power on for 30 seconds whenever you open the drawer. You can turn this setting off. | This turns all tones off except for fault alerts. | When this setting is on, the drawer will automatically lock 30 seconds after it’s closed. It can then be unlocked by pressing and holding on the dishwasher door.

How to change the setting of an option

1. CHECK
   - Check that there is no wash underway, then open the drawer.
2. ENTER MENU
   - To enter the menu: Press and hold the and together for four seconds.
3. SCROLL TO OPTION
   - Press to scroll to the next option. The wash modifier indicators will display which option is selected (see table below).
   - When you have scrolled to the end of the sequence, the menu will start again with Rinse aid.
4. CHANGE SETTING
   - Press to change the setting within an option.
   - The wash program indicators will display which setting is selected (see table below).
5. SAVE SETTING & QUIT MENU
   - Press to save the new setting and quit the preference options menu.

Double models only:
- You can use either drawer to change the settings. Changing the settings in one tub will set your preferences for the whole dishwasher.
