

12kg Series 11 Minimal Front Loader Washer, ModDose

Minimal

The ultimate Front Loader Washer, where refined design meets intelligent precision. Adaptive sensing, a streamlined interface, and thoughtful detailing deliver care that's perfectly tailored to every fibre.

- Optimal care for 15 fibre types, including Cashmere and Lyocell
- Full-glass design with vibrant 7" touchscreen for intuitive cycle selection
- Switch in and out specialist detergents with interchangeable ModDose cartridges
- Detect load size, soil level, and colour with multi-sensory intelligence
- Connect SmarHq™ for notifications, guides and extra functions

DIMENSIONS

Height	850 mm

[↓](#) Planning Guide (English)

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
