- With self-cleaning function for an effortless clean
- Part of our suite of companion products, designed to match for flexible configurations

## DIMENSIONS

Height	458mm
Width	596mm
Depth	484mm

## FEATURES & BENEFITS

- Coffee choice**

Our coffee maker has 13 different options to suit individual taste and selection – from Flat White to Latte to Macchiato.
- Self-Cleaning**

The coffee maker has a self-cleaning function, and comes with a removable drip tray and a waste container for used coffee grounds.
- Complementary Design**

Designed to match our Minimal style Companion suite, this Coffee Maker has a sleek black glass finish.
- Coffee your way**

With a programmable timer your favourite coffee can be memorised and set to start at the same time each day. The intuitive touch display includes refill, cleaning and maintenance data, while twin LED lights illuminate your beverages creating a welcoming glow on those dark mornings.
- Sized To Suit**

Perfect for the compact kitchen, this Built-in Coffee Maker can be placed virtually anywhere. All our companion products can be installed at a convenient height to suit your kitchen design and preference.
- Barista-Style Coffee**

The conical burr grinder delivers a consistent grind for the perfect coffee. Set it to suit your preference.

Supply frequency	50Hz
Supply voltage	240V

Product dimensions

Depth	484mm
Height	458mm
Width	596mm

Warranty

Parts and labour	5 years
SKU	82467

The product dimensions and specifications in this page apply to the specific product and model. Under our policy of continuous improvement, these dimensions and specifications may change at any time. You should therefore check with Fisher & Paykel's Customer Care Centre to ensure this page correctly describes the model currently available. Fisher & Paykel Appliances Ltd 2020

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
