Induction Cooktop, 30cm, 2 Zones with SmartZone

Series 9 | Minimal

Black Glass

Enjoy the ability to create a large cook zone with SmartZone, or to match with a two-burner gas cooktop.

- Immediate heat response and extremely accurate temperature control

- Cooktop remains cool to touch until a pot or pan is placed on the surface

- PowerBoost activates a very high heat, bringing liquid to boil in less than a minute

- Easily control each cook zone with Touch&Slide, including pairing cook zones to create a large SmartZone

DIMENSIONS

Height	54mm
Width	300mm
Depth	530mm

FEATURES & BENEFITS

Complementary design

The subtle black glass and durable matte black detailing are designed to pair with the Minimal style Series 7 Ovens. With premium styling and detailing, these cooktops seamlessly blend with other appliances for a cohesive, considered kitchen design.

Enhanced features

PowerBoost and GentleHeat deliver either very high or very low heat, fast. Perfect for specialised cooking tasks such as searing meat and melting chocolate. An integrated timer ensures a great result every time

Instant response

Go from a boil to a simmer in seconds. Touch&Slide controls react immediately when you adjust the temperature so you don't waste time in the kitchen.

Safer Choice

Induction cooktops only start heating your pot or pan once you've placed it on the ceramic surface and stop as soon as you remove it – so you don't have to worry about curious little fingers or leaving a cook surface on.

Easy cleaning

The surface around your cookware stays cool when you cook – preventing baked-on spills and making cleaning up a breeze. The ceramic cooktop surface, including anodised detailing for durability, just needs a quick wipe after use to maintain its good looks.

Superior efficiency

Less heat is wasted during induction cooking because only the cookware is heated, not the cooktop surface. This makes induction cooking more energy-efficient than electric or gas cooktops.

Large, Flexible Cooking Area

SmartZone links two cooking zones and controls them as one, giving you the flexibility to use large pans and griddles and easily handle bigger food items such as a whole fish.
