Integrated Beverage Centre, 129L

Series 9 | Integrated

Panel Ready | Left hinge

Elevate your beverage storage with our panel-ready Integrated Beverage Centre. Ideal for wine, craft beer and more, it's perfect for any space within your home.

- Integrates into any setting within the home, from the bar to the master suite – the choices are endless

- Spacious 129L capacity, with full-depth wine shelf that can accommodate up to seven bottles

- Adjustable temperature control helps to keep drinks at the ideal temperature

- Panel ready and flush fit, with 4mm gaps and no visible hinges or grilles

DIMENSIONS

Height	860mm
Width	592mm
Depth	576mm

FEATURES & BENEFITS

Complete design freedom
This versatile under-counter beverage centre brings increased cooling capability to any space, from kitchens to home bars, rumpus rooms to home cinemas. Compact and stylish, it carefully stores a selection of beverages, from cans to beer bottles or up to seven bottles of wine in a custom rack. Pair it perfectly with our under-counter wine cabinet to create an entertainer's dream set-up.

Customised drink storage
The beverage centre is designed to store a selection of beverages, from cans to beer bottles, or bottles of wine in a custom rack. Full extension shelving makes it simple to see and select between a pale ale or pilsner, sauvignon blanc or chardonnay.

Flexible Storage
The beverage rack includes a slideable shelf divider that moves to securely hold bottles and cans to avoid tipping, or can be removed for large items. The custom wine rack carefully cradles and displays up to seven bottles of wine.

Precise Temperature Control
Set the temperature in each zone to between 2°C and 14°C depending on your needs, or use one of our five preset modes: Fridge, Beverage, Sparkling, White Wine or Pantry to store a range of drinks at the ideal temperature.

Seamless fit
The beverage centre is designed to fit flush, with only 4mm gaps between surrounding cabinetry, and no visible hinges or grilles.

Intuitive Control
Temperature control at your fingertips. Adjust the temperature of your beverage centre through intuitive touch controls, or remotely using the SmartHQ™ app through Wi-Fi connectivity.

Design flexibility
This panel-ready model means you can hide your beverage centre seamlessly behind your custom cabinetry for more flexibility, or choose to draw attention with our optional stainless steel door panel. Also available is a model with a tempered glass door, allowing visibility into your refrigerator.
