FEATURES & BENEFITS

Cook With Confidence

Our touchscreen interface provides an intuitive guided cooking experience that helps deliver perfect results, whether you've been cooking all your life or just starting out. Cook with a favourite method, hero ingredient, or go-to cooking function or recipe.

Generous Capacity

With 115L total capacity, you can create several perfectly cooked dishes at once using multiple shelves.

MULTI-FUNCTION FLEXIBILITY

The cooking functions have each been tailored, tested, tweaked and perfected to ensure that no matter what you're cooking, you've got the right heat to match. Purchase our Wireless Temperature Sensor accessory and precisely monitor cooking in real time (accessory sold separately).

EXCEPTIONAL PERFORMANCE

AeroTech™ system circulates heat evenly for a consistent temperature throughout the cavity, helping you achieve perfect results even when cooking on multiple shelves.

SELF-CLEANING

Our self-clean technology breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a

damp cloth. The enamel coated side racks don't need to be removed when using this function.

Design Freedom

This built-in oven displays the bold stainless-steel aesthetics of our Professional style, using premium materials and elegant styling to support a cohesive kitchen design.
