- 85L total capacity, with 16 oven functions including Pastry Bake, Roast, Air Fry and Dehydrate
- Moisture level control with ActiveVent technology
- Pyrolytic self-cleaning function breaks down food residue for an easy clean

DIMENSIONS

Height	598 mm
Width	596 mm
Depth	565 mm

FEATURES & BENEFITS

- Cook With Confidence**
Using the large 5" touchscreen you can select a cooking method or hero ingredient and your oven will provide heat type and temperature recommendations for perfect results. For added versatility, you can also select your go-to cooking functions.
- Generous Capacity**
With a generous 85L total capacity, you can create several perfectly cooked dishes at once using multiple shelves. Non-tip, full-extension shelves help to ensure safe removal of hot dishes.

Exceptional performance
Our unique cooking technologies were developed to deliver perfect results. ActiveVent ensures optimised moisture levels, while AeroTech™ circulates heat evenly for a consistent temperature.

Safe And Sound
The CoolTouch door of this built-in oven is safe to touch from the outside. Sturdy, fully extendable shelves slide all the way out, reducing the need for you to reach inside.

Self-Cleaning
Pyrolytic self-clean breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth. The enamel coated side racks don't need to be removed when using this function.

Design Freedom
Designed to fit seamlessly into your kitchen, this built-in oven features premium materials and detailing to support a cohesive, considered kitchen design.

Multi-Function Flexibility

Each function has been tailored, tested and perfected to ensure that no matter what you're cooking, you've got the right heat to match. Purchase our Wireless Temperature Sensor accessory and precisely monitor cooking in real time (accessory sold separately).
