

Integrated Refrigerator Freezer, 60cm, Ice & Water

Series 9 | Integrated

Panel Ready | Right Hinge

A slim profile, perfect for compact kitchens, or pair with other Integrated models for generous chilled and frozen storage.

- Flush fit design with 4mm gaps and custom height installation
- Convenient access to fresh, chilled water and ice with internal water dispenser and ice maker
- Customise with your own kitchen cabinetry or purchase our stainless steel door panel accessory
- Easy-to-use touch-control panel and Wi-Fi capability

DIMENSIONS

Height	1870mm
Width	592mm
Depth	576mm

FEATURES & BENEFITS

Perfect Fit

These models fit flush, with only 4mm gaps around them and no visible hinges or grilles. Our Integrated models can be seamlessly hidden behind your cabinetry, or you can purchase our stainless steel door panel.

INTERNAL WATER DISPENSER AND ICE MAKER

Both the water dispenser and ice maker are located inside this Integrated model, leaving an uninterrupted exterior that blends in seamlessly with surrounding cabinetry. The slimline water dispenser is flush fit in order to maximise internal storage space, with a temperature-controlled flow and an angled water delivery to reduce drips and spills.

Mix & Match

These modular refrigerators and freezers can be mixed and matched, with different sizes and finishes. Installed side by side or individually throughout the kitchen, you can create a cooling solution to suit your lifestyle. Customise with your own kitchen cabinetry and handles, or purchase our stainless steel door panel and handle options.

Clever Energy

ActiveSmart™ Foodcare learns how you live. It is technology that understands how you use your refrigerator and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

FLEXIBLE STORAGE

Designed to make it simple for you to store, access and remove food, this refrigerator includes LED-lit adjustable cantilevered

shelving and full extension bins in the freezer.

Simple Installation

Our Integrated products are easy to install, whether you are renovating your kitchen or designing a new one. Adjustable front and rear feet allow for uneven floors alongside adjustable door panels that can be customised to match your kitchen. These models are designed to easily slide into place as separate units - a perfect fit for European design kitchens.

Ease Of Use

Using the intuitive touch-sensitive control panel, you can easily adjust the temperature to suit. Beautiful to use, the door is family safe with a soft-close mechanism.

Performance

- ActiveSmart™ Foodcare
- Adaptive defrost
- Dual evaporator
- Frost free
- Humidity control system
- Inverter controlled compressor
- Sabbath mode

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.

Power requirements

Rated current	10A
Supply frequency	50Hz
Supply voltage	230V

Freezer Features

Automatic ice maker	•
Bottle chill	•
Door alarm	•
Fast freeze	•
Freezer bins	3
