# Oven, 30", 10 Function, Selfcleaning

Series 7 | Professional

Stainless Steel

A highlight of the Fisher & Paykel range, this Series 7 oven ensures that every dish you create is cooked to perfection.

- 4.1 cu ft total capacity
- 10 oven functions including Aero<sup>™</sup> Pastry and Roast
- High-temperature self-cleaning function breaks down food residue for an easy clean
- Non-tip, full-extension shelves for safe removal of hot dishes

# **DIMENSIONS**

 Height
 27 1/8"

 Width
 29 3/4"

 Depth
 23 15/16"

# **FEATURES & BENEFITS**

### Cooking flexibility

This built-in oven has 10 functions with pre-set temperatures, including Roast, Pasty Bake and Maxi Broil allowing you to use a variety of cooking styles.

#### Even cooking

A digital microprocessor monitors the temperature to ensure precise heat and a four-way convection system creates even heat distribution throughout the oven, ideal for multi-shelf cooking.

# Sized to suit

Designed for multi-shelf cooking, this built-in oven provides 4.1

cu.ft of total capacity allowing you to cook the family roast and a pie for dessert.

# Self cleaning

The self-clean function breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth. For best results, wipe down the inside of your oven door before you use the self-clean function.

### Information at a glance

Halo illuminated dials provide information at a glance. White – heating up; orange – temperature is reached; red – self-cleaning mode. Three halogen lights and the large oven window creates excellent visibility of what's cooking.

#### Safe and sound

The CoolTouch door with triple glazing and cooling system is safe to touch from the outside, protecting your hands and the surrounding cabinetry.
