- A compact cooking area with four cooking zones
- High speed ribbon elements heat up quickly for ideal heat distribution
- Indicator lights glow red until elements are safe to touch

DIMENSIONS

Height	59mm
Width	600mm
Depth	530mm

FEATURES & BENEFITS

Even Heating

Powerful ribbon elements heat up quickly and create an even distribution of heat for perfect results whether you're searing meat or simmering sauces.

Safe and Sound

Once your cooktop is turned off, the elements glow until the surface is safe to touch.

Sized to suit

Fisher & Paykel electric cooktops come in a range of sizes to suit every kind of kitchen. Because they're perfectly flat and cool down fast, they can be used as an extension of your preparation surface when they're switched off.

Simple to Use

Classic dial controls make this cooktop a breeze to use. No complicated buttons or switches – just turn your dial to the desired temperature and you're ready to cook.

Complementary design

The electric ceramic series is designed to match the rest of Fisher & Paykel's kitchen appliance family, with a stylish frameless design, sleek ceramic glass surface and intuitive controls.
