- ActiveSmart[™] technology to help keep food fresher for longer by stopping temperature fluctuation
- Door water dispenser and internal ice maker
- Spacious bottom freezer with full extension drawer gives easy access to frozen goods.

DIMENSIONS

Height 1715mm
Width 790mm
Depth 695mm

FEATURES & BENEFITS

ActiveSmart™ Foodcare

Every time you open your refrigerator, the temperature around your food changes. ActiveSmart™ foodcare adjusts airflow to create a stable temperature, helping your food stay fresher for longer.

WATER ON TAP

The slimline dispenser makes it easy to fill almost any sized jug or vessel with cool filtered water and doesn't take up any storage space in your fridge.

ICE MAKER

Fresh ice is always available for you in a dedicated freezer bin. Simply turn it off to free up freezer space or during busy times, you can boost ice production by up to 30%.

Easy cleaning

No more permanent dirty marks with our EZKleen feature for stainless steel fridges. Anti-fingerprint coating means you simply wipe clean any marks. Spill-safe secure glass shelves easily capture any drips or leaks.

DESIGN QUALITY

Our fridges are designed and built using quality materials. We use real stainless steel on our fridges and solid glass for shelving as well as in our wine cabinet doors.

SIMPLE STORAGE

This refrigerator is designed to make it simple for you to store, access and remove food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean. Our flexible shelving also gives you more storage options.

Clever energy

Your refrigerator adapts to daily use by cooling and defrosting only when needed. This means your refrigerator uses the energy it needs without compromising on food care.
