FEATURES & BENEFITS

Multi-function Flexibility

11 functions including Roast, Pastry Bake and Fan Grill mean no matter what you're cooking, you've got the right heat to match.

Generous capacity

With a generous sized internal cavity, you can create several dishes at once using multiple shelves.

ActiveVent™ Technology

With ActiveVent™ technology for optimised moisture levels and AeroTech™ for even heat distribution, you'll get perfect results even when using multiple shelves.

Cleaning is simple

Pyrolytic self-clean breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.

Seamless Fit

Designed to fit seamlessly in your kitchen, this built-in oven fits flush with cabinetry to minimise gaps and add to a cohesive aesthetic.

Safe and sound

The CoolTouch door features triple glazing and a cooling system that ensures it's safe to touch from the outside - protecting both your hands and the surrounding cabinetry.
