

90cm Series 9 Contemporary 5 Zone Induction Pyrolytic Cooker, 2 SmartZones

Contemporary

With a large oven and cooktops that can be paired to create an expansive cook zone, this is the perfect choice for those who love to cook.

- Five cooking zones, with the ability to pair zones to create SmartZones
- Convection oven with 140L total capacity and nine oven functions including Pastry Bake with pizza mode and rapid proof for making bread
- Non-tip full-extension shelves for safe removal of hot dishes
- Pyrolytic self-clean breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth

DIMENSIONS

Height	898 - 946 mm
Width	897 mm
Depth	600 mm

FEATURES & BENEFITS

- Multi-Shelf Cooking**
Our AeroTech™ system circulates heat evenly for a consistent temperature throughout the cavity, helping you achieve perfect results even when using multiple shelves.
- Quality And Durability**
Every detail has been carefully crafted. The solid, perfectly balanced soft-close door, durable cooktop and glowing halo dials all add up to an exceptional, premium freestanding cooker.
- Power & Control**

Instant and immediate control from the highest to the gentlest heat. The finely tuned cooktop controls let you sear or simmer a delicate sauce to perfection.

Easy Cleaning
Cleaning up spills is effortless. Your cooktop simply needs a quick wipe to keep it looking good as new. The pyrolytic self-clean oven cycle breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.

Even Heat
Accurate, electronically-controlled oven heat ensures a great result every time.

Large Capacity Oven
The generous 140L total capacity oven gives you plenty of space to cook multiple dishes at once.

SPECIFICATIONS

Accessories (included)		
Flat wire shelf		1
Full extension sliding shelves	2 sets (part 578744)	
Full extension telescopic shelves	2 sets (part 578744)	
Grill rack	TRUE	
Roasting dish	1	
Rotisserie set	1 set	
Step down wire shelf	•	

Accessories (sold separately)	
Kick strip, stainless steel (optional)	KICKOR90X1

- All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.
- Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
