

Dual Fuel Range, 30", 4 Burners

Series 9 | Professional

Stainless Steel | Natural gas

Make a statement in your kitchen with this Professional style range for powerful gas and convection cooking.

- Top burner heat of 22,500 BTU, for seriously fast boiling
- Convection oven with 4 cu ft total capacity
- Non-tip full-extension shelves for safe removal of hot dishes

DIMENSIONS

Height	35 3/4 - 36 3/4"
Width	29 7/8"
Depth	29 1/8"

FEATURES & BENEFITS

Cooktop power

Sealed Dual Flow Burners™ deliver cooktop power up to 22,500 BTU (NG models) for seriously fast boiling right down to a precise 140°F full surface simmer with the gentlest of flames.

Total control

Precise control across high and low settings is delivered through the halo-illuminated cooktop dials. The ovens have true convection and electronic oven control for precise and consistent temperatures.

Consistent broiling

The Dual Fuel Range broiler provides an even heat that covers a very large surface area — perfect for browning a fully loaded oven tray.

Easy to clean

The Dual Fuel Range oven has a self-cleaning function and removable side racks. The cooktop has sealed burners and an encapsulated cooking surface with a commercial-style stainless steel finish.

Instant visibility

Control dials have halo-illumination glowing white – heating up; orange – temperature reached; red – self-cleaning mode. The oven is illuminated by two powerful incandescent lights.

Cooking flexibility

The cooktop is designed for easy access to any burner, with grates you can smoothly slide pots across, while the oven cavity is large enough to allow you to cook multiple dishes at once.

SPECIFICATIONS

Accessories (sold separately)

Square handle option	AH-R30
----------------------	--------

Burner ratings

Maximum burner power	22500 BTU
Power back left	18500BTU
