FEATURES & BENEFITS

- Easy To Use**
This machine has a cycle to suit every type of load including Allergy, Easy Iron and Handwash. Select a cycle with easy-to-use SmartTouch™ controls.
- Cares For Clothes**
The flexible finned agitator ensures less tangling for superior clothes care.
- Soft Close Lid**
The robust plastic lid has a soft close mechanism that makes it family safe, avoids slamming and allows for hands-free operation.
- Save Time With Large Capacity**
The 10kg capacity top loader is ideal for larger families and can wash bulky items with ease.

Quicker Drying
Drying times are reduced due to a fast spin speed of 1100RPM which helps remove more water.

Energy Saving
Eco-Active™ recirculates water and detergent through clothes so less hot water is used to remove stains, dirt and bacteria.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
