

# Integrated Single DishDrawer™ Dishwasher, Tall

Series 9 | Integrated

Panel Ready

Integrating into your kitchen design seamlessly, with extra height for larger dishes in the tall top drawer.

- With extra height for taller dishes, and customisable internal shelving
- Knock to pause function is perfect if you miss a dish
- Quick wash, Sanitise and Extra Dry options provide superior performance
- Customise with your own front panel and handle to match your kitchen cabinetry, or choose our stainless steel panel

## DIMENSIONS

Height	454mm
Width	599mm
Depth	553mm

## FEATURES & BENEFITS

### Seamless integration

Slide your DishDrawer™ Dishwasher into an existing kitchen space or integrate into kitchen cabinetry, for a seamless look whilst delivering superior dish care.

### Ease of use

DishDrawer™ Dishwashers are as easy to open and close as kitchen drawers and can be conveniently positioned at bench height for ease of loading and minimal bending. Flexible racking allows you to make adjustments to fit in a variety of dishes.

## QUICK, SANITISE AND EXTRA DRY OPTIONS

The Quick wash modifier delivers a faster wash while maintaining performance. The Sanitise option provides extra protection killing 99.9% of bacteria in the final rinse. The Extra Dry setting is perfect for plastic dishes.

### Knock to Pause

These DishDrawer™ Dishwashers have a knock to pause function. A knock on the front panel will pause the dishwasher which can be re-started again by using the start/play button.

### Quiet Performer

Running at a very low decibel rate, these DishDrawer™ Dishwashers do their job without making a fuss. The combination of intelligent technology and simple mechanics means greater reliability and excellent wash performance.

## SPECIFICATIONS

### Accessories

- Cutlery basket
- Knife clip and multipurpose

### Accessories (sold separately)

The product dimensions and specifications in this page apply to the specific product and model. Under our policy of continuous improvement, these dimensions and specifications may change at any time. You should therefore check with Fisher & Paykel's Customer Care Centre to ensure this page correctly describes the model currently available. Fisher & Paykel Appliances Ltd 2020

**Where applicable:**

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
