FEATURES & BENEFITS

TOTAL CONTROL

Maintaining the perfect environment for your red and white wines is easy with the dual zones in your wine cabinet. The control panel gives you the ability to set each zone to between 5°C and 20°C and to adjust LED lighting and fans.

COMPLETE VISIBILITY

Your wine collection is always on display through UV tempered glass and LED lighting. Bottles nestle on stylish oak slide out shelves and a top shelf tilts so you can showcase your favourite

wines.

STORAGE PERFECTED

The fan helps circulate air inside your wine cabinet while oak shelves and a low vibration compressor ensure optimal storage. The UV tempered glass door reduces the risk of external light affecting your wine.

DESIGNED TO MATCH

Our wine cabinets are designed to match the Fisher & Paykel family of products with stylish brushed stainless steel and glass doors which complement any kitchen.
