

91cm Series 7 Integrated Refrigerator Freezer, Ice & Water

Integrated

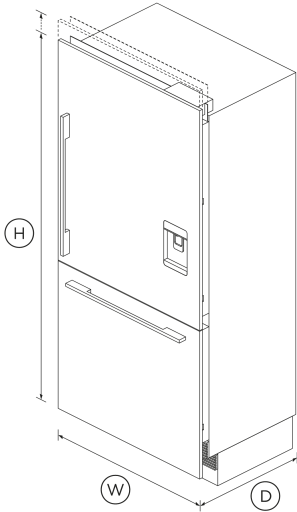

Choose a spacious refrigerator that fits flush into surrounding cabinetry, complemented by our stylish stainless steel panel with a slimline water dispenser.

- ActiveSmart™ technology helps keep food fresher for longer by constantly maintaining the ideal temperature
- SmartTouch control panel ensures ease of use
- Spacious bottom freezer featuring a full-extension drawer and an ice maker with boost function
- Stainless steel door panels and handles are available for separate purchase

DIMENSIONS

Height	2028 mm
Width	906 mm
Depth	606 mm

FEATURES & BENEFITS

Perfect Fit

These models fit flush and have minimal gaps, with no visible hinges. Purchase our stainless steel door panel and handles separately for a sleek, modern finish that complements your kitchen's style.

ActiveSmart™ Foodcare

ActiveSmart™ Foodcare learns how you live. By understanding how you use your refrigerator and adjusting temperature, airflow and humidity inside, it helps keep food fresher for longer.

Flexible Storage

Designed to make it simple for you to store, sort and access food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean. Our cantilevered shelving also gives you more storage options.

Ice Maker

Fresh ice is always available for you in a dedicated freezer bin. Simply turn it off to free up freezer space or during busy times, you can boost ice production by up to 30%.

Water dispenser

The slimline dispenser makes it easy to fill almost any sized jug or vessel with cool filtered water without taking up any storage space in your fridge.

Beautiful Lighting

LED lighting illuminates the interior with a crisp, clean glow for enhanced visibility. Our energy saving LEDs use less power than comparable halogen lights.

Easy Cleaning

No more permanent dirty marks with our EZKleen feature for stainless steel refrigerators. Anti-fingerprint coating means you simply wipe clean any marks. Spill-safe secure glass shelves easily capture any drips or leaks.

SPECIFICATIONS

Accessories (sold separately)

Door panel set stainless steel	RD9120WRU (Cavity Height 2032mm) or RD9121WRU (Cavity Height 2134mm)
Handle kit Classic	AHCLRD9120W
Handle kit Contemporary round, aluminium	AHS-ASBI-B

Features		Power requirements		Where applicable:	
Adjustable door shelves	6	Rated current		All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.	
Adjustable glass shelves	3	Supply frequency		Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.	
Covered door shelves	2	Supply voltage
