

Series 9, Contemporary Tall Double DishDrawer Dishwasher

Contemporary

- Wash one drawer while you load the other, with room in each drawer for full-size dinner plates.
- Designed to be installed under your benchtop, with recessed handles for a seamless look
 - Six wash programs, as well as additional Quick wash, Sanitize and Extra Dry modifiers
 - Flexible racking allows you to customize internal shelves to suit your needs

- Wi-Fi enabled and works with the SmartHQ™ app for remote control and notifications

DIMENSIONS

Height	34 - 36 3/8 "
Width	23 9/16 "
Depth	22 9/16 "

FEATURES & BENEFITS

Seamless Fit
Our built-under DishDrawer™ Dishwashers are installed flush under your benchtop with the option of a custom kickstrip, ensuring minimal gaps. The touch-sensitive control panel is located inside this model, leaving an uninterrupted exterior. Designed to match the Fisher & Paykel family of kitchen appliances with recessed handles for a streamlined look.

Ease Of Use
DishDrawer™ Dishwashers are as easy to open and close as kitchen drawers and can be conveniently positioned at bench height for ease of loading and minimal bending. Flexible racking allows you to make adjustments to fit in a variety of dishes.

Quick, Sanitize And Extra Dry Options
The Quick wash modifier delivers a faster wash while maintaining performance. The Sanitize option provides extra protection, killing 99.9% of bacteria* in the final rinse. The Extra Dry setting is perfect for plastic dishes.

True Half Load
Each drawer holds a true half load for small, fast washing that won't waste water. Both drawers operate independently so two wash cycles can operate simultaneously to allow for varying loads.

Knock To Pause
For ease-of-use, these DishDrawer™ Dishwashers have a knock to pause function. A knock on the front panel will pause the dishwasher, which can be restarted by using the start button.

Independent Wash
With the ability to use both drawers independently and select different wash programs, the DishDrawer™ Dishwasher can wash everything from fine glass and crystal to heavily soiled pots and pans.

Quiet Performer
Running at a very low decibel rating, these DishDrawer™ Dishwashers do their job without making a fuss. The combination of intelligent technology and simple mechanics means greater reliability and excellent wash performance.

SPECIFICATIONS

Accessories (included)

Cutlery basket	•	Energy saving delay start option of up to 12 hours	•	Width	23 9/16 "
Kickstrip	true	Keylock	•

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
