

Freestanding Cooker, Electric, 60cm, 4 Zones

Series 5 | Contemporary

Stainless Steel

A refined freestanding cooker that's ideal for compact kitchens, with a convection oven spacious enough for multi-shelf cooking.

- Electric radiant cooktop with four cook elements
- Convection oven with 71L total capacity and seven oven functions including Fan Bake and Defrost
- Non-tip telescopic shelves so you can safely slide hot dishes out of the oven

DIMENSIONS

Height	900 - 915mm
Width	596mm
Depth	600mm

FEATURES & BENEFITS

Cooking flexibility

This freestanding electric cooker has seven functions with pre-set temperatures, including Bake, Grill and Fan Forced, allowing you to use a variety of cooking styles.

Sized to suit

Designed for multi-shelf cooking, this freestanding electric cooker provides 71L of total capacity giving you enough room for a large family roast and all the trimmings.

Precise control

Fisher & Paykel's dial controls are easy to use, responsive and accurate across a range of cooking temperatures - from a rapid boil to a slow simmer.

Easy cleaning

Catalytic liners break down oil and fat splashes during cooking so you don't have to spend hours cleaning. The durable ceramic cooktop just needs a quick wipe after use to maintain its good looks.

Safe and sound

The door and cavity cooling system keeps the heat on the inside, protecting your hands and surrounding cabinetry. Getting large dishes in and out of the oven is a breeze with non-tip shelves.

Designed to match

With their black reflective glass and stainless steel finish, our freestanding cookers are designed to match the rest of Fisher & Paykel's kitchen appliance family.
