24" Series 7 Contemporary Oven, 11 Function

Series 7 | Contemporary

Stainless Steel

With generous capacity and beautiful contemporary styling, this built-in oven will complement your kitchen design perfectly.

- Three cubic feet total capacity with eleven oven functions including Aero™ Pastry, Roast and Rapid Proof
- Moisture control and even heat distribution thanks to ActiveVent™ and AeroTech technology
- Optional non-tip, full-extension sliding shelves for safe removal of hot dishes

DIMENSIONS

Height	23 9/16 "
Width	23 1/2 "
Depth	22 1/4 "

FEATURES & BENEFITS

Generous Capacity
With a generous sized internal cavity, you can create several dishes at once using multiple shelves.

Perfect Results
Our built-in ovens feature ActiveVent technology for optimized moisture levels, and AeroTech™ for even heat distribution. Get perfect results even when you're using multiple shelves.

Multi-Function Flexibility
11 functions with pre-set temperatures including Aero™ Pastry, Roast and Rapid Proof mean no matter what you're cooking, you've got the right heat to match.

Seamless Fit
Designed to fit seamlessly in your kitchen, this built-in oven fits flush with cabinetry to minimize gaps and add to a cohesive aesthetic.

Cleaning Is Simple
Cleaning this built-in oven is quick and easy thanks to the catalytic liners which absorb oil and fat splashes during cooking.

Refined Styling
With sophisticated handle styling and stainless steel finish, our built-in ovens are designed to match the rest of Fisher & Paykel's kitchen appliance family.

Safe And Sound
The CoolTouch door features triple glazing and a cooling system that ensures it's safe to touch from the outside – protecting both your hands and the surrounding cabinetry.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
