ActiveSmart™ Foodcare learns how you live. It's technology which understands how you use your refrigerator and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

Clever energy
Your fridge adapts to daily use by cooling and defrosting only when needed. This ActiveSmart™ technology means better energy efficiency without compromising on food care.

Easy cleaning
Spill-safe secure glass shelves easily capture any drips or leaks and prevent them from falling on items below.

Easy installation
Our integrated products are easy to install, whether you are renovating your kitchen or designing a new one. Adjustable front and rear feet allow for uneven floors alongside adjustable door panels that can be customised to match your kitchen.

Design quality
Our refrigerators are designed and built using quality materials. We use real stainless steel, and solid glass for shelving.
