## FEATURES & BENEFITS

### Multi-Shelf Cooking

Our AeroTech™ system circulates air evenly throughout the entire oven so dishes on the top shelf turn out just as perfectly as food cooking on the bottom shelf.

### Power & Control

Instant and immediate control from the highest to the gentlest

heat. The finely tuned cooktop controls let you sear, stir fry or simmer a delicate sauce to perfection.

### Easy to clean

Cleaning up spills is effortless. Your cooktop simply needs a quick wipe to keep it looking good as new. The pyrolytic self-clean oven cycle breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.

### Even Heat

Accurate, electronically-controlled oven heat ensures a great result every time.

### Quality and durability

Every detail has been carefully crafted. The solid, perfectly balanced soft-close door, durable cooktop and glowing halo dials all add up to an exceptional, premium range.

### Large capacity oven

The generous 140L total capacity oven gives you plenty of space to cook multiple dishes at once.
