# 30" Series 9 Professional Built-in Coffee Maker

Series 9 | Professional

Stainless Steel

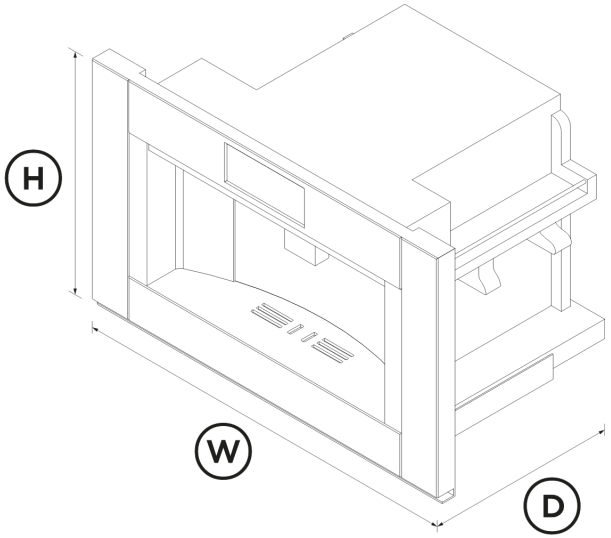

Our built-in coffee maker pours a delicious coffee, however you take it. Pairs perfectly with 30" ovens and other Professional-style companion products.

- Make barista-standard coffee just the way you like it, with 13 options from Americano to Macchiato or Latte
- Your favorite coffee can be memorized and set to start at the same time each day, so it's ready when you are
- With self-cleaning function for an effortless clean
- Part of our suite of companion products, designed to match aesthetically for flexible configurations

## DIMENSIONS

| | |
|---|---|
| Height | 18 1/2 " |
| Width | 29 13/16 " |
| Depth | 19 1/8 " |

## FEATURES & BENEFITS

### Coffee Choice

Our coffee maker has 13 different options to suit individual taste and selection – from Americano to Macchiato

### Self Cleaning

The Coffee Maker has a self-cleaning function, and comes with a removable drip tray and a waste container for used coffee grounds.

### Complementary Design

Finished in stainless steel, this coffee maker is designed to match other Professional-style companions as well as Professional cooktops and ovens in the Fisher & Paykel family.

### Coffee Your Way

Program an automatic setting to start up at the same time each day and memorize your favorite coffee. The intuitive touch display includes refill, cleaning and maintenance data, while twin LED lights illuminate your beverages so you can see what you are doing on those dark mornings.

### Sized To Suit

This 30” Built-in Coffee Maker is perfect for the compact kitchen and can be placed virtually anywhere. All companion products can be installed at a convenient height to suit your kitchen design and preference.

### Barista-Style Coffee

The conical burr grinder delivers a consistent grind for the perfect coffee. Set it to suit your preference.

**Where applicable:**

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
