OPERATING INSTRUCTIONS - STARTING A WASH

1. Discard scraps
   Scrape large food particles off (e.g. bones, fruit stones) and remove any foreign objects (e.g. toothpicks, strings, paper).

2. Load dishes carefully
   To help with wash performance, arrange dishes so they are evenly spaced and not nesting.
   IMPORTANT! Accommodates plates up to a max height of 280mm (11") for standard tubs or 310mm (12 1/4") for tall tubs.

3. Check spray arm(s) are mounted correctly and can rotate fully around
   Check the spray arm is mounted correctly by physically rotating it around with your hand.

Before a wash, ensure there are no items blocking the spray arm(s) from rotating.

4. Add detergent
   Fill the detergent dispenser (A) with powdered detergent and close the dispenser door.
   IMPORTANT! Do not place liquid detergent or tablets in the detergent dispenser.
   If using a tablet or gel pouch, place it in the cutlery basket (B) or at the edge of the base rack (see user guide for details).

5. Check rinse aid
   If the indicator on its plug (C) glows bright red, refill the rinse aid dispenser (B) with liquid rinse aid.
   Make sure you then refill the rinse aid plug back into its original position, by rotating the plug back into an upright position.

6. Select wash
   Press \( \rightarrow \) to select a wash program.

Start wash or set Delay start

To start wash:
Press \( \rightarrow \) and close the drawer.

To set delay start:
Press and hold \( \rightarrow \) to set the delay start time, then close the drawer.

Note: Each tone indicates a 1h delay.

CONTROLS AND INDICATORS

Indicators Description

Off/On
Opening the drawer will automatically turn the dishwasher on. If the dishwasher is in an idle state, touch any button to reactivate it.

Delay start
Delay start is set. The wash program will start after the selected time delay (1-12h).

Wash program indicators
If lit:
The wash program has been selected.

Lock indicator
If lit:
Keylock or childlock is activated.

WASH PROGRAM SELECTOR

A. WASH PROGRAM SELECTOR
   Press \( \rightarrow \) to scroll through the wash program options.
   See opposite table for program descriptions.

B. WASH MODIFIER SELECTOR
   Press \( \rightarrow \) to scroll through the wash modifier options.
   Note: Not all modifiers are available for all wash programs.

   Keylock
   Disables all the buttons (helpful when cleaning the dishwasher).
   To activate:
   Press and hold \( \rightarrow \) until you hear a tone. The lock indicator will light up.

   Childlock
   Disables all the buttons and locks the drawer closed (preventing unauthorised use by children).
   To activate:
   Press and hold \( \rightarrow \) until you hear two tones. The lock indicator will light up.

   To cancel:
   To cancel keylock/childlock:
   If the drawer is open
   Press and hold \( \rightarrow \) until you hear a tone.
   The lock indicator will go out.
   If the drawer is closed
   Knock three times on the door.

C. START SELECTOR (either on door or inner control panel)
   To start wash:
   Press \( \rightarrow \) to start the wash.

   To pause:
   Knock twice on the door of the dishwasher.
   Wait for three short and one long tone before opening the drawer.
   If the drawer is not restarted within seven minutes it will sound intermittently until it is restarted.

   Delay start
   Press and hold \( \rightarrow \) to set the delay start time. Each tone indicates a 1h delay (up to 12h).
   The delay start indicator will light up.

   If drawer is not closed within 4 seconds of setting delay start, OR If the drawer is opened after delay start has been set (for example, to load more dishes), delay start will be suspended.

   To resume:
   Press \( \rightarrow \) and close the drawer.

   To cancel wash/delay start
   Press and hold \( \rightarrow \)

   If there is any water in the drawer, it will automatically drain before the dishwasher turns off.

WASH PROGRAM DESCRIPTION

<table>
<thead>
<tr>
<th>WASH PROGRAM</th>
<th>DESCRIPTION</th>
</tr>
</thead>
<tbody>
<tr>
<td>Heavy</td>
<td>Heavily soiled pots, pans and dishes.</td>
</tr>
<tr>
<td>Medium</td>
<td>Dishes that are quite heavily soiled or food soils that have been left to dry overnight.</td>
</tr>
<tr>
<td>Eco (default setting)</td>
<td>Normally soiled dishes for optimum water and energy usage. The US/Canada Energy Guide is based on this program.</td>
</tr>
<tr>
<td>Fast</td>
<td>Lightly soiled dishes.</td>
</tr>
<tr>
<td>Delicate</td>
<td>Lightly soiled and heat sensitive crockery.</td>
</tr>
<tr>
<td>Rinse</td>
<td>Prevents odours and soils from drying on dishes.</td>
</tr>
</tbody>
</table>

DOUBLE MODELS (US/CA)

If the drawer is open after delay start has been set, (for example, to load more dishes), delay start will be suspended.

To resume:
Press \( \rightarrow \) and close the drawer.

Rinse aid
Refill the rinse aid dispenser (B) with liquid rinse aid.

Tablet or Gel Pouch
Load tablets or gel pouches into an upright position.

IMPORTANT!
Before a wash, ensure there are no items blocking the spray arm(s) from rotating.

WASH MODIFIER SELECTOR

Extra Dry
Select the Extra Dry option for particularly soiled pots, pans and dishes.

Quick Sanitize
Select the Quick Sanitize option if you need a quick wash.

Note: Each drawer can run independently of the other drawer.

Keep this document handy for easy reference.

For detailed information on the features of your dishwasher, see your ‘User guide’.
Before using your dishwasher, make sure you read the full ‘User guide’, with special attention to the ‘Safety and warnings’ section.

For contact information or if you require service, assistance or replacement parts, see the end of this document or your ‘Service & warranty’ booklet.
**DURING AND AFTER THE WASH**

During the wash the button on the dishwasher door will be illuminated. At the end of the wash the dishwasher will beep six times and the button will stop being illuminated.

You may notice the following noises at the end of the wash. These are all part of normal operation:

- Both drawers may be draining simultaneously.
- The drying fan may continue to run after a wash program has finished for a set time or until the drawer is opened.
- The fan assists with drying and uses negligible amounts of energy.

For best drying results, we recommend unloading the dishes within a few hours after a wash program has finished.

**DO AND DON’TS OF LOADING**

- Sharp or pointed items must be placed horizontally or with sharp edges/points facing down to avoid risk of injury.
- Protruding items will stop the internal lid of the dishwasher from sealing properly, which could result in a service call.
- Overcrowding reduces wash performance.
- A neatly arranged load with evenly spaced dishes helps wash performance.
- Ensure there is enough space between plates. Mix spoons, knives and forks within the cutlery basket to prevent them from nesting.
- Dishware is blocking water from reaching items on the racks.

**PREFERENCE OPTIONS**

You can change the setting of these options to suit your preferences or circumstances. We recommend selecting the most suitable settings before you start using your dishwasher.

<table>
<thead>
<tr>
<th>OPTION</th>
<th>RINSE AID</th>
<th>WATER SOFTENER (SOME MODELS ONLY)</th>
<th>OPEN DRAWER AUTO POWER-ON (SUITEABLE AS A SABBATH OPTION)</th>
<th>TONES AT END OF WASH</th>
<th>CLOSED DRAWER AUTOLOCK</th>
</tr>
</thead>
<tbody>
<tr>
<td>WHAT DOES IT DO?</td>
<td>Regulates the amount of rinse aid dispensed. Reduce this setting if there is excess foam after a wash. Increase this setting if dishes are wet or streaky after a wash.</td>
<td>Refer to the ‘Water softener’ section of the ‘User guide’ for details.</td>
<td>Your dishwasher is factory-set to automatically power on for 30 seconds whenever you open the drawer. You can turn this setting off.</td>
<td>This turns all tones off except for fault alerts.</td>
<td>When this setting is on, the drawer will automatically lock 30 seconds after it’s closed. It can then be unlocked by knocking once on the dishwasher door. Useful in boats or motor homes.</td>
</tr>
