

48" Series 9 Wall Range Hood

Professional

Striking design that pairs well with any appliances in our Professional range. With powerful extraction of steam and odors.

- With four fan speeds, select the perfect extraction rate for your cooking
- Dishwasher-safe filters that are easy to remove and clean
- Powerful 1200CFM maximum airflow

DIMENSIONS

Height	18 "
Width	47 7/8 "
Depth	25 1/16 "

FEATURES & BENEFITS

- Simple Design**
The new stainless steel range hood is tough and hardworking with a style and simplicity to fit seamlessly into your kitchen.
- Edge To Edge Filters**
We've improved our filters to capture and extract more cooking steam, odors and grease.
- Precise Control**
The Professional Range Hood has been designed to give you better control with sturdy stainless steel dials to set your desired fan speed and light level.

Effective Extraction
Our Range Hood filters have been improved to capture more cooking steam, odors and grease. They're easy to remove and clean - simply put them in your DishDrawer™ dishwasher.

Your Kitchen, Your Style

Enhance your culinary experience in the kitchen with our Range Hood accessories from heat lamps through to duct covers. Choose a range hood to fit your kitchen – there are three different sizes.

SPECIFICATIONS

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
