Oven, 24”, 11 Function, Self-cleaning

Series 9 | contemporary

Stainless Steel

With a subtle black glass finish, this contemporary-style oven has multiple functions to ensure every dish is cooked to perfection.

- Three cubic feet total capacity with eleven oven functions including Aero™ Pastry, Roast and Rapid Proof
- Self-cleaning function breaks down food residue for an easy clean
- Moisture control and even heat distribution thanks to ActiveVent™ and AeroTech technology
- Non-tip, full-extension sliding shelves for safe removal of hot dishes

FEATURES & BENEFITS

Generous capacity
With a generous sized internal cavity, you can create several dishes at once using multiple shelves.

Perfect Results
Our built-in ovens feature ActiveVent technology for optimized moisture levels, and AeroTech™ for even heat distribution. Get perfect results even when you’re using multiple shelves.

Multi-function flexibility
11 functions including Aero™ Pastry, Roast and Rapid Proof mean no matter what you’re cooking, you’ve got the right heat to match.

Seamless fit
Designed to fit seamlessly in your kitchen, this built-in oven fits flush with cabinetry to minimize gaps and add to a cohesive aesthetic.

Cleaning is simple
The self-clean function breaks down food residue at a very high temperature, leaving a light ash that’s easily removed with a damp cloth.

Refined styling
With sophisticated handle styling and elegant black or stainless steel finish, our built-in ovens are designed to match the rest of Fisher & Paykel’s kitchen appliance family.

Safe and sound
The CoolTouch door features triple glazing and a cooling system that ensures it’s safe to touch from the outside – protecting both your hands and the surrounding cabinetry.
