## FEATURES & BENEFITS

### FABRIC CARE CYCLES

13 fabric care cycles including Steam Refresh, Quick 30, Bulky and Easy Iron. The specially designed cushioned drum provides a gentle, effective washing action protecting clothes while delivering an optimal wash performance.

### STEAM REFRESH CYCLE

Worn something once or had it stored away? Steam Refresh will deodorise, de-wrinkle and make it ready to wear again with no need for a full wash cycle.

### CUSTOMISE YOUR WASH

Select "Speed" to shorten wash and rinse times or choose "Eco" to wash more sustainably with lower temperatures and less water usage.

### A SMARTER, QUIETER MOTOR

SmartDrive™ Technology is a gentle, quiet, and efficient combination of smart electronics and a direct drive motor that senses the load to deliver better fabric care.

### APPROVED BY WOOLMARK™

Our Wool cycle is an extra gentle warm wash, perfect for machine washable woollen items. It has a Woolmark™ guarantee so you can wash with confidence, saving time on hand washing.

### ADD A GARMENT

The Add a Garment feature allows you to quickly add or remove any size garment mid cycle. Simply press the Add a Garment button and the door will unlock. If the drum water is too high, just enough will be drained out before the door is unlocked.

### WASH LARGER LOADS

The large 11kg drum can wash both small and large loads as well as bulky items like a king size feather duvet. This saves time as a full week's laundry can be done in just a few loads. Accurate water level sensing makes it highly efficient at washing different load sizes.
