

569L Series 7 French Door Refrigerator Freezer, Ice & Water

Contemporary

Our largest capacity French Door model has intuitive, flexible storage space, with a stylish stainless steel finish.

- ActiveSmart™ technology helps keep food fresher for longer by constantly maintaining the ideal temperature.
- Door water dispenser and internal ice maker
- Spacious bottom freezer with full extension drawer gives easy access to frozen goods.

DIMENSIONS

Height 1790 mm

Width 900 mm
Depth 695 mm

FEATURES & BENEFITS

Humidity Control
Your fruit and veges need different environments. The humidity control slides in each storage bin create a microclimate that helps keep food fresher for longer.

Ice maker
Fresh ice is always available for you in a dedicated freezer bin. Simply turn it off to free up freezer space, or during busy times you can boost ice production by up to 30%.

Design Quality
Our fridges are designed and built using quality materials. We use real stainless steel on our fridges and solid glass for shelving.

Simple Storage

This refrigerator is designed to make it simple for you to store, access and remove food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean. Our flexible shelving also gives you more storage options.

WATER ON TAP
The slimline dispenser makes it easy to fill almost any sized jug or vessel with cool filtered water and doesn't take up any storage space in your fridge.

Complementary design
With their premium handle styling and stainless steel finish, our fridges are designed to match the rest of Fisher & Paykel's kitchen appliance family.

SPECIFICATIONS

Accessories (sold separately)	
Water filter replacement	847200 - FWC3

Capacity	
Total gross capacity	614 L
Volume	569 L
Volume freezer	152 L

Covered door shelves	2	Supply frequency	50 Hz	
Door alarm	•	Supply voltage	230 V	
Fruit and vegetable bins	2			Where applicable:
LED lighting	•			All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.
Smart appliance	•	Product dimensions		
SmartTouch control panel	•	Depth	695 mm	
Stackable bottle holders	4	Depth (including handles)	730 mm	
Ultra slim water dispenser	•	Height	1790 mm	
		Height to top of cabinet	1790 mm	
		Minimum air clearance - each side	20 mm	
		Minimum air clearance - on top	50 mm	
		Width	900 mm	
				Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
