

Oven, 60cm, 11 Function, Self-cleaning

Contemporary

A highlight of the Fisher & Paykel collection, this Series 9 oven ensures that every dish you create is cooked to perfection.

- 85L total capacity with 11 oven functions including Roast and Pastry Bake
- Moisture level control with ActiveVent™ technology
- Pyrolytic self-cleaning function breaks down food residue for an easy clean
- Non-tip, full-extension shelves for safe removal of hot dishes

DIMENSIONS

Height	598 mm
Width	596 mm
Depth	565 mm

FEATURES & BENEFITS

- Multi-function Flexibility**
11 functions including Roast, Pastry Bake and Fan Grill mean no matter what you're cooking, you've got the right heat to match.
- Generous Capacity**
With a generous sized internal cavity, you can create several dishes at once using multiple shelves.
- ActiveVent™ Technology**
With ActiveVent™ technology for optimised moisture levels and AeroTech™ for even heat distribution, you'll get perfect results even when using multiple shelves.
- Cleaning Is Simple**

- Pyrolytic self-clean breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.
- Seamless Fit**
Designed to fit seamlessly in your kitchen, this built-in oven fits flush with cabinetry to minimise gaps and add to a cohesive aesthetic.
- Safe And Sound**
The CoolTouch door features triple glazing and a cooling system that ensures it's safe to touch from the outside – protecting both your hands and the surrounding cabinetry.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
