

Warming Drawer, 60cm

Series 9 | Contemporary

Black Glass

Serve meals hot and directly from a pre-heated plate thanks to our panel-ready, warming drawer.

- Integrates with surrounding cabinetry for a seamless look
- Space to keep six standard-sized place settings evenly warm
- Easy to clean smooth-glass base
- Six versatile tailored programmes for warming, proofing, dehydrating and slow cooking

DIMENSIONS

Height	140mm
Width	596mm
Depth	567mm

FEATURES & BENEFITS

Complementary Design

This Warming Drawer comes in a stylish black reflective glass finish, for seamless pairing with our Contemporary style ovens.

Multi-Function Flexibility

Choose from six tailored functions, including Rapid Proof for dough proofing and Dehydrate for drying foods like meat, fruit, and herbs. The Slow Cook function is ideal for finishing seared meats, casseroles, stews, and braises.

Precise control

Our warming drawer delivers quick, even heating, ideal for keeping food warm and low-temperature cooking. You can also use it for resting roasted meat and proofing dough for bread or pizza bases.

Added convenience

With intuitive touch controls and a handle-free, push-to-open design, our warming drawer gives you the freedom to keep plates or cups warm while you continue to cook.

Easy to clean

Cleaning and care of the warming drawer is easy. After each use, simply wipe out the smooth glass interior with a damp cloth.

Safe and sound

With automatic switch-off and delayed start functionality, our warming drawers help keep dishes warm until it is time to serve the main meal.

Sized To Suit

With enough room to gently heat six place settings, 20 cappuccino cups or 42 espresso cups, our 60cm warming drawer

is an ideal kitchen companion.

The product dimensions and specifications in this page apply to the specific product and model. Under our policy of continuous improvement, these dimensions and specifications may change at any time. You should therefore check with Fisher & Paykel's Customer Care Centre to ensure this page correctly describes the model currently available. Fisher & Paykel Appliances Ltd 2020

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.

Power requirements

Amperage	10A
Power cord length	1800mm
