

60cm Series 3 Telescopic Wall Rangehood

Series 3 | Contemporary

The wall chimney rangehood has contemporary styling, extracting steam, grease and cooking odours quietly and efficiently.

- With two fan speeds, select the ideal extraction rate for your cooking
- Slides out for use when you need it, with maximum air movement of 340m³/hr
- Dishwasher safe filters that are easy to remove and clean

DIMENSIONS

Height	181-185 mm
Width	598 mm
Depth	280-460 mm

FEATURES & BENEFITS

Easy Installation

This rangehood can be either externally ducted through the top or back or can recirculate air internally through its filters, making it perfect for apartments.

Easy To Use

Simply flick a switch to turn this rangehood on or off, or to change the extraction speed. A separate switch controls the bright halogen lights to provide illumination over your cooking surface.

Easy Cleaning

Two filters, consisting of layers of aluminium mesh, effectively trap grease particles during extraction. They are easy to remove and dishwasher safe, or can be cleaned by hand in hot soapy water.

Seamless Integration

This rangehood can be built into your cabinetry for a seamless look. Its stainless steel finish is designed to match the rest of Fisher & Paykel's kitchen appliance family.

SPECIFICATIONS

Accessories (included)

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
