

Series 7 Minimal Built-under Dishwasher

Minimal

Designed for understated kitchen spaces, this built-under dishwasher pairs a refined grey glass finish with practical everyday performance. Pitch adjustable and fold-down racking adapts easily to mixed loads, while auto sensing wash technology adjusts water and wash intensity to suit each load. Quiet performance supports comfortable daily use in open plan kitchens.

- Auto sensing wash adjusts water and wash intensity to suit each load
- Pitch adjustable and fold-down racking adapts easily to mixed everyday loads

- Auto Door Open Dry releases excess steam, while an Air Curtain directs it away from surrounding cabinetry
- Wi-Fi enabled and works with the SmartHQ™ app for remote control and notifications

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
