

Integrated Column Freezer, 61cm, Ice

Series 11 | Integrated
Panel Ready | Right Hinge

- Install it separately or pair with another Column for true design freedom – this model is right hinge with stainless steel interior.*
- Customise with your own kitchen cabinetry or purchase our stainless steel door panel accessory
 - ActiveSmart™ technology helps keep food fresher for longer by constantly maintaining the ideal temperature.
 - Variable Temperature Zone lets you change a compartment to Freeze, Soft Freeze or Deep Freeze for optimal storage
 - Internal ice maker with boost feature for busy times

DIMENSIONS

Height	2134mm
Width	603mm
Depth	610mm

FEATURES & BENEFITS

Variable temperature zones
There's more than one way to freeze food, and different freezing temperatures and techniques affect food care – and your levels of convenience – in different ways. Optimal freezing is a question of what you're storing, how fresh it is, and when you plan to consume it. Change a compartment to Soft Freeze to enjoy maximum everyday convenience, or to Freeze Mode or Deep Freeze Mode to retain natural goodness for future use.

DEEP FREEZE MODE

Deep freezing (-25°C) allows food to be stored for months or even years with temperatures that halt bacterial activity. Freezing food quickly is the key to protecting quality and retaining nutrients, so they are not lost when defrosting.

Mix & match
Integrated Column Refrigeration gives you the freedom to mix and match. Different sized Column Fridges and Freezers can be installed separately or paired. Finish them with our stainless steel door panels or customise to match your own kitchen cabinetry.

Clever Energy
Our ActiveSmart™ Foodcare Refrigerator Freezers adapt to daily use by cooling and defrosting only when needed. This means your refrigerator uses the energy it needs without compromising on food care.

Appealing Illumination
Bright LEDs light up each ceiling, shelves, bins and trays in both refrigerator and freezer, making it easy to find your food and creating a welcoming glow in your kitchen for those midnight snacks.

Design quality
The premium design and quality finish includes a steel interior lining as well as full-extension metal shelf runners for easy access, and robust glass shelving.

Easy Install
Integrated Column Refrigerators and Freezers have been developed to make their installation easy. The joiner kit is included when pairing refrigerators and freezers. All models come with front adjustable levelling feet and they've been designed to easily slide into place as separate units.

SPECIFICATIONS

Accessories	
Joiner Kit	AJ-RS21LR

Accessories (sold separately)

Door panel stainless steel Left	RD6121L10D
Door panel stainless steel Right	RD6121R10D
Handle kit Contemporary	AHS-RD21
Handle kit Contemporary	AHD5RDSF
Handle kit Contemporary	AHD5RDSFB
Handle kit Contemporary	AHD3-RD21
Toe kick stainless steel	AKRS12210
Toe kick stainless steel	AKRS13710
Toe kick stainless steel	AKRS18310
Toe kick stainless steel 1981mm	AKRS19810

Power requirements

Rated current	10A
Supply frequency	50Hz
Supply voltage	230 - 240V

Product dimensions

Depth	610mm
Height	2134mm
Width	603mm

Warranty

Parts and labour	2 years
Sealed system parts only	5 years
SKU	26160

The product dimensions and specifications in this page apply to the specific product and model. Under our policy of continuous improvement, these dimensions and specifications may change at any time. You should therefore check with Fisher & Paykel's Customer Care Centre to ensure this page correctly describes the model currently available. Fisher & Paykel Appliances Ltd 2020

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
