

Freestanding Cooker, Dual Fuel, 60cm, 4 Burners

Series 5 | Contemporary

Stainless Steel

Get the best of both worlds with dual fuel performance: a gas cooktop paired with a convection oven. Perfect for compact kitchens.

- Gas cooktop with four burners including wok burner
- Convection oven with 71L total capacity and seven oven functions including Fan Bake and Defrost
- Non-tip telescopic shelves so you can safely slide hot dishes out of the oven

DIMENSIONS

Height	900mm
Width	598mm
Depth	600mm

FEATURES & BENEFITS

Cooking flexibility

This freestanding dual fuel cooker has seven functions with pre-set temperatures, including Bake, Grill and Fan Forced, allowing you to use a variety of cooking styles.

Sized to suit

Designed for multi-shelf cooking, this freestanding dual fuel cooker provides 71L of total capacity giving you enough room for a large family roast and all the trimmings.

Precise control

The consistent flame and heat distribution of the gas burners combined with highly responsive dials offer precise heat control. Perfect a slow simmer for sauces or an intense heat for searing steaks.

Easy cleaning

Catalytic liners break down oil and fat splashes during cooking so you don't have to spend hours cleaning. The durable stainless steel cooktop just needs a quick wipe after use to maintain its good looks.

Safe and sound

The door and cavity cooling system keeps the heat on the inside, protecting your hands and surrounding cabinetry. Getting large dishes in and out of the oven is a breeze with non-tip shelves.

Designed to match

With their black reflective glass and stainless steel finish, our freestanding cookers are designed to match the rest of Fisher &

Paykel's kitchen appliance family.
