

30" Series 7 Contemporary Self-Cleaning Oven, 14 Function

Contemporary

- With beautiful Contemporary styling and a generous 4.1 cu ft total capacity, this built-in oven helps to ensure that every dish you create is cooked to perfection.
- 4.1 cu ft total capacity with 14 oven functions including Pastry Bake, Roast and Air Fry
 - Even heat circulation with AeroTech™, ideal for multi-shelf cooking
 - Pyrolytic self-cleaning function breaks down food residue for an easy clean
 - Guided cooking capability offers helpful tips for different food types

DIMENSIONS

Height	27 3/16 "
Width	29 15/16 "
Depth	23 15/16 "

FEATURES & BENEFITS

- Multi-Function Flexibility**
Each function has been perfected to ensure that no matter what you're cooking, you've got the right heat to match. This built-in oven has 14 functions including Pastry Bake, Pizza Bake, Roast, Slow Cook and Air Fry, allowing you to use a variety of cooking styles.
- Generous Capacity**
With an incredible 4.1 cu ft total capacity in each oven, you can create several perfectly cooked dishes at once using multiple shelves.
- Cook With Confidence**

- The intuitive 2.4" screen provides an intuitive guided cooking experience that helps to deliver perfect results, whether you've been cooking all your life or are just starting out. Cook by food type and allow your oven to guide you through steps, or change temperature and heat type automatically, depending on your selection.
- Exceptional Performance**
AeroTech™ circulates heat evenly for a consistent temperature throughout the cavity, helping you ensure perfect results even when cooking on multiple shelves.
- Multi-Function Flexibility**
Each function has been tailored, tested and perfected to ensure that no matter what you're cooking, you've got the right heat to match. The Wireless Temperature Sensor precisely monitors cooking in real time, giving you complete control.
- Self-Cleaning**
Our pyrolytic self-cleaning technology breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.
- Design Freedom**
Designed to fit seamlessly into your kitchen, this built-in oven features premium materials and detailing to support a cohesive, considered kitchen design.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
