

# 498L Series 7 Quad Door Refrigerator Freezer, Ice & Water

Contemporary

With flexible storage and a sleek, slimline design, this model will complement any kitchen perfectly.

- ActiveSmart™ Foodcare helps keep food fresher for longer by maintaining the ideal temperature
- Convenient access to fresh, chilled water and ice with a slimline water dispenser and internal ice maker
- Wi-Fi enabled and works with the SmartHQ™ app for remote control and notifications

## DIMENSIONS

Height	1790 mm
Width	790 mm
Depth	692 mm

## FEATURES & BENEFITS

### ActiveSmart™ Foodcare

ActiveSmart™ Foodcare learns how you live. It's technology which understands how you use your refrigerator and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

### Slimline Design

With a sleek, slimline design and recessed handles, this quad door refrigerator is perfect for compact kitchens.

### Humidity Control

The humidity bin in this refrigerator is designed to help extend the freshness of your produce. It creates a unique microclimate within the bin, compared to the main refrigerator compartment, ensuring your fruits and vegetables stay fresher for longer.

### Design Quality

Our refrigerators are designed and built using robust, quality materials, with stainless steel exteriors and solid glass for the interior shelving.

### Slimline Water Dispenser And Ice Maker

The slimline dispenser makes it easy to fill almost any sized jug or vessel with cool filtered water, while fresh ice is always available for you in a dedicated freezer bin. Use the boost feature during busy times to increase ice production.

## SPECIFICATIONS

### Accessories (sold separately)

Water filter replacement	868686 - FWC5
--------------------------	---------------

### Capacity

Volume	498 L
Volume freezer	174 L
Volume refrigerator	324 L

### Connected Features

- Alerts and notifications
- Education and onboarding
- Remote operation
- Software updates

**Consumption**

Energy rating	E
Energy usage	300kWh/year

**Where applicable:**

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
