

# Dual Fuel Range, 36", 5 Burners, Self-cleaning

Series 9 | Classic

Red

Get the best of both worlds with dual fuel. A gas cooktop is paired with a large, nine function convection oven.

- Five burner gas cooktop, including one dual ring and two triple ring wok burners
- Convection oven with 4.9 cu.ft total capacity and nine functions including Aero Pastry™ with pizza mode, and Rapid Proof for baking bread
- Non-tip full-extension shelves for safe removal of hot dishes
- High-temperature self-cleaning function breaks down food residue for an easy clean

## DIMENSIONS

Height	35 3/4 - 37 1/4"
Width	35 7/8"
Depth	25 1/4"

## FEATURES & BENEFITS

### Multi-shelf cooking

Our AeroTech™ system circulates air evenly throughout the entire oven so dishes on the top shelf turn out just as perfect as food cooking on the bottom shelf.

### Quality and durability

Every detail has been carefully crafted. The solid, perfectly balanced soft-close door, durable cooktop trivets and glowing halo dials all add up to an exceptional, premium range.

### Easy to clean

Cleaning up spills is effortless. Your cooktop simply needs a quick wipe to keep it looking good as new. The self-clean function breaks down food residue at a very high temperature, leaving a light ash that's easily removed with a damp cloth.

### Burner power & control

Instant and immediate control from the highest to the gentlest heat. The finely tuned cooktop controls let you sear, stir fry or simmer a delicate sauce to perfection.

### Large capacity oven

The generous 4.9 cu.ft total capacity oven gives you plenty of space to cook multiple dishes at once, with enough room to fit a 32 lb turkey.

### Precise control

Accurate electronically-controlled oven heat gives you better results in the kitchen.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel
