36" Series 7 5 Zone Induction Cooktop

Series 7 | Contemporary

Black Glass

This Series 9 cooktop is a joy to use, with the instant response and energy efficiency of induction technology.

- Immediate heat response and extremely accurate temperature control
- Child and pet safe – cooktop remains cool to touch until a pot or pan is placed on the surface
- PowerBoost activates a very high heat, bringing liquid to boil in less than a minute
- Touch&Slide controls easily control each cook zone

DIMENSIONS

Height	3 11/16 "
Width	35 7/16 "
Depth	20 7/8 "

FEATURES & BENEFITS

Enhanced features

PowerBoost and GentleHeat deliver either very high or very low heat fast for specialized cooking tasks such as searing meat and melting chocolate. An integrated timer keeps you on track.

Safer choice

Induction cooktops only start heating your pot or pan once you've placed it on the ceramic surface and stop as soon as you remove it – so you don't have to worry about curious little fingers or leaving an element on.

Easy cleaning

The surface around your cookware stays cool when you cook – preventing baked-on spills and making cleaning up a breeze. The durable ceramic cooktop surface just needs a quick wipe after use to maintain its good looks.

Instant response

Go from a boil to a simmer in seconds. Fisher & Paykel Touch&Slide controls react immediately when you adjust the temperature so you don't waste time in the kitchen.

Superior efficiency

No heat is wasted during induction cooking because only the cookware is heated, not the cooktop surface. This makes induction cooking more energy-efficient than electric or gas cooktops.

Precise Control

Fisher & Paykel induction cooktops offer extremely accurate, consistent temperature control from very high to very low heats, so you can sear, sauté and temper like a pro.

PERFECT STEAK WITH INDUCTION

Fisher & Paykel induction cooktops quickly reach high temperatures, ideal for cooking steak. Cast iron pans are the best choice as they are highly inductive and get really hot for perfect searing.

SPECIFICATIONS

Burner ratings

Maximum burner power	Yes

Cleaning

Flat easy clean glass surface	•

Controls

Auto cut-off timer for each zone	•
Minute timer	•
Soft-touch electronic controls	•
Touch and slide controls	•

Performance

Auto heat reduce	•
Dual colour display	•
Dual zones	•
Heat settings	9
Induction cooking technology	•

Power requirements

Amperage	43 A
Supply frequency	60 Hz
Supply voltage	208 - 240 V

Product dimensions

Depth	20 7/8 "
Height	3 11/16 "
Width	35 7/16 "

Safety

Individual hot surface indicators	•
Keylock	•
Pan detection system	•
Safety time out	•
Spillage auto off	•
Surface hot indicators	•

Zone ratings

Left front	1400W
Left front zone (PowerBoost set)	220W

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
