

Induction Hob, 80cm, 4 Zones

Series 5 | Contemporary

Black Glass

Instant response and cool-to-touch safety in a large hob area, with zones designed for different sized pots and pans.

- Child and pet safe – hob remains cool to touch until a pot or pan is placed on the surface
- PowerBoost activates a very high heat, bringing liquid to boil in less than a minute
- Touch&Slide controls easily control each cook zone

DIMENSIONS

Height	57mm
Width	800mm
Depth	530mm

FEATURES & BENEFITS

Instant response

Go from a boil to a simmer in seconds. Fisher & Paykel Touch&Slide controls react immediately when you adjust the temperature so you don't waste time in the kitchen.

Safer Choice

Induction hobs only start heating your pot or pan once you've placed it on the ceramic surface and stop as soon as you remove it – so you don't have to worry about curious little fingers or leaving an element on.

Easy cleaning

The surface around your cookware stays cool when you cook, preventing baked-on spills and making cleaning up a breeze. The durable ceramic hob surface just needs a quick wipe after use to maintain its good looks.

Enhanced Features

PowerBoost and GentleHeat deliver either very high or very low heat fast for specialised cooking tasks such as searing meat and melting chocolate. An integrated timer keeps you on track.

Superior efficiency

No heat is wasted during induction cooking because only the cookware is heated, not the surface of the hob. This makes induction hobs more energy-efficient than electric or gas hobs.

Precision Control

Fisher & Paykel induction hobs offer extremely accurate, consistent temperature control from very high to very low heats, so you can sear, sauté and temper like a pro.

SPECIFICATIONS

Cleaning

- Flat easy clean glass surface

Controls

- Auto cut-off timer for each
- Minute timer
- Soft-touch electronic controls
- Touch and slide controls

Performance

- Gentle heat
- Heat settings **9**
- Induction cooking technology
