

Gas on Glass Cooktop, 45cm

Series 9 | Contemporary

Black Glass | Natural gas

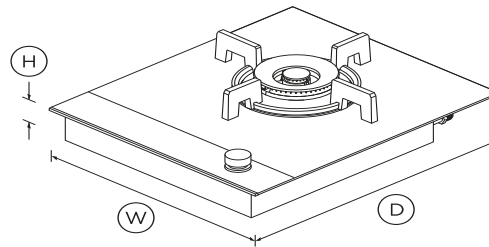

Powerful gas burners perfect for compact kitchens, or matched with an induction cooktop.

- A powerful dual wok burner with subtle black glass design
- A flame-failure safety device; if the flame goes out, the gas turns off
- Mix and match with an induction cooktop to create your perfect set-up

DIMENSIONS

Height	59mm
Width	450mm
Depth	530mm

FEATURES & BENEFITS

Beautiful burners

Our award-winning Gas on Glass Cooktops deliver total cooking precision with the latest burner technology. The consistent flame and heat distribution of the dual flame wok burner combined with highly responsive dials offer precise heat control.

Complementary Design

The black reflective glass, brushed stainless steel and polished metal trim blend elegance with durability. Designed to match the Fisher & Paykel family of appliances.

Precise Control

Simply turn the dials to ignite the flame quickly and safely. Precise heat adjustment from very high to very low heat can perfect a slow simmer for sauces or an intense heat for searing steaks.

Safe and sound

The flame failure safety device automatically turns off the gas if the flame is accidentally extinguished. Eco-friendly ceramic glass, without arsenic or heavy metals, is used in the manufacturing process.

Easy Cleaning

Life is made a little easier with this easy-to-clean glass cooktop. The design allows you to simply remove the trivets and wipe down the glass.

Handy Accessories

This cooktop comes with a small pot support and wok stand to complement different cooking styles.

SPECIFICATIONS

Accessories

- Small pan support
- Wok stand

Accessories (sold separately)
