## FEATURES & BENEFITS

### PRECISE CONTROL

Simply turn the dials to ignite the flame quickly and safety. InnovaValve™ technology allows you to adjust the flame with 180°; gas valve rotation for super accurate temperature control.

### EASY HANDLING

With flat cast iron grates, pots and pans can easily be slid across elements, coming in handy in busy cooking environments.

### COMPLEMENTARY DESIGN

The brushed stainless steel and polished metal trim has been designed for durability but also provides a modern, stylish finish, matching the Fisher & Paykel family of kitchen appliances.

### EASY CLEANING

The stainless steel component is easily accessible and quick to clean. Cast iron trivets provide a durable and stable cooking platform. Their rubber feet prevent them from scratching the cooktop.

### SAFE AND SOUND

The Auto-reignite system means you don't have to hold down a dial while burners ignite – if a burner goes out it is automatically relit at the original flame setting.
