

# 48" Grill with Infrared Sear Burner, Natural Gas

Series 9 | All

Stainless Steel | Natural gas

Taking your grilling experience to the next level, this Series 9 built-in 48" grill is the ultimate addition to premium outdoor kitchens.

- Infrared sear burner for incredibly fast searing up to 26 MJ/hr
- Cater for a crowd with the secondary cooking surface
- Build into an outdoor bench, or add a cart for a freestanding grill
- U-burners deliver 27 MJ/hr total power per burner with precise heat control from 150°C to 600°C

## DIMENSIONS

Height	692mm
Width	1217mm
Depth	682mm

## FEATURES & BENEFITS

### THE PERFECT SEAR

A dedicated searing zone with a dynamic infrared burner allows you to experience a new level of versatility, using a range of cooking methods. The improved dual rail design offers increased control and faster heating, so you can achieve the perfect sear every time.

### CHARCOAL SMOKER TRAY

Enjoy a smoky barbecue flavour by cooking with charcoal - or add wood chips for extra smoke. Ignited instantly with in-built gas flame ignition, you can cook directly on the cooking grate. A W-shaped tray with adjustable vents helps the charcoal last longer.

### HEAVY-DUTY INFRARED ROTISSERIE

An infrared rotisserie burner provides controlled searing heat up to 15 MJ/hr. Perfect for entertaining, the heavy-duty motor can easily turn a 25kg load. The rotisserie rod is conveniently stored under the drip pan handle.

### INTUITIVE LIGHTING

Brilliant 12-volt lighting safely illuminates the entire grilling surface when you open the lid. Ideal for night-time cooking, the bezel dial lighting glows white when the grill is on, and orange when the gas and grill are in use.

### Easy-Lifting Hood

The hood can be opened using one hand for better access and visibility when cooking. You can easily accommodate larger food

with extra space under the hood.

### EXTRA COOKING AREA

Effortlessly cook for a crowd with a secondary cooking space. You can fit a grill pan for slow cooking, roasting and making sauces, or to keep food warm after searing.

### GREASE MANAGEMENT SYSTEM™

Our Grease Management System™ reduces flare-ups by channelling grease and oils away from the burner flames during grilling.

## SPECIFICATIONS

### Cooking Surface Area

Primary cooking area	0.55sq. m.
Total cooking area	1.03sq. m.
Warming rack area	0.47sq. m.
