

Series 9 Contemporary Tall Single DishDrawer Dishwasher

Contemporary

Introducing the next evolution of DishDrawer™ Dishwasher design. The Single Tall DishDrawer™ Dishwasher delivers advanced performance and quiet efficiency, with extra height to fit larger plates and cookware. Designed for true half-load dish care, it adapts seamlessly to the way you live, combining intuitive touch controls with a step up in energy and water efficiency.

- Pairs seamlessly with other DishDrawer™ Dishwasher models or works alone to support flexible kitchen design
- Capacitive touch controls, refined styling and SmartHQ™ connectivity bring intuitive convenience to everyday dish care
- Designed for true half-load washing, with flexible racking that fits larger dinner plates up to 12" high

- Versatile wash cycles and modifiers ensure clean results, while fan-assisted drying helps leave dishes ready to use

DIMENSIONS

Height	17 7/8 "
Width	23 9/16 "
Depth	22 9/16 "

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
