FEATURES & BENEFITS

ActiveSmart™ Foodcare
ActiveSmart™ Foodcare learns how you live. It's technology which understands how you use your fridge and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

Easy cleaning
No more permanent dirty marks with our EZKleen feature for stainless steel refrigerators. Anti-fingerprint coating means you simply wipe clean any marks. Spill-safe secure glass shelves easily capture any drips or leaks.

Water on tap
The slimline dispenser makes it easy to fill almost any sized jug or vessel with cool filtered water and doesn't take up any storage space in your refrigerator.

Ice maker
Fresh ice is always available for you in a dedicated freezer bin. Simply turn it off to free up freezer space or during busy times, you can boost ice production by up to 30%.

Design quality
Our refrigerators are designed and built using quality materials. We use real stainless steel on our refrigerators and solid glass for shelving.

Simple storage
This refrigerator is designed to make it simple for you to store, access and remove food. Storage bins give you full access inside when they're pulled open and can be easily removed to clean. Our flexible shelving also gives you more storage options.

Complementary Design
With their premium handle styling and stainless steel finish, our refrigerators are designed to match the rest of Fisher & Paykel's kitchen appliance family.
