

Series 7 Contemporary Dishwasher

Contemporary

Designed to adapt to every load, this dishwasher combines a Triple Wash System, Auto Cycle sensing and AutoDry technology to deliver consistent cleaning and drying performance. Flexible loading features, including a cutlery tray and pitch-adjustable tines, help create a tailored layout for everything from delicate glassware to heavy cookware.

- Seven wash programs including Auto, plus modifiers like Dry+, Sanitise and Half Load
- Flexible racking and Triple Wash System for perfect results in every wash
- AutoDry automatically opens the door at the end of a cycle for better drying
- Connect via Wi-Fi and the SmartHQ™ app for remote control and notifications
- For added peace of mind, Aqua Stop automatically shuts off the water if a leak is detected

DIMENSIONS

Height	850 - 895 mm
Width	597 mm
Depth	600 mm

SPECIFICATIONS

Capacity and loading

Accommodates round plates up to (lower basket)	320mm
Accommodates round plates up to (top basket)	200mm (with cutlery tray)
Adjustable height, foldable cupracks	•

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
