

# Series 11, Professional Tall Single DishDrawer Dishwasher

Professional

Place anywhere in your kitchen at bench height for easy loading and minimal bending. Features a premium stainless steel interior and distinctive Professional styling

- Eight wash cycles from Heavy to Light, including Auto, 60min and Glassware
- Fits full-size dinner plates up to 12 1/4 inches, with flexible racking for large cookware
- Wi-Fi capability and a SmartHQ™ app for remote control and notifications

## DIMENSIONS

Height	17 13/16 "
Width	23 9/16 "
Depth	22 9/16 "

## FEATURES & BENEFITS

### Ease Of Use

DishDrawer™ Dishwashers are beautiful to use with soft-close drawers, and can be conveniently positioned at bench height for ease of loading and minimal bending. Flexible racking includes height-adjustable cup racks and wine glass supports.

### Complementary Design

With distinctive, bold styling, this DishDrawer™ Dishwasher is designed to match the Fisher & Paykel Professional style family of appliances.

### Flexible Wash Options

Eight wash programs including Auto, 60min and Glassware, while modifiers such as Sanitize, Dry+ and Quiet provide added wash flexibility. The Quiet wash modifier reduces the noise on some cycles while maintaining performance - perfect for late night washing.

### Design Quality

Every detail has been carefully crafted using quality materials, from the easy-to-clean stainless steel interior to the spray arm sensor that detects jams for increased wash confidence.

### Quiet Performer

Running at a low decibel rating of 43dBA, these DishDrawer™ Dishwashers do their job without making a fuss. The combination of intelligent technology and simple mechanics means greater reliability and excellent wash performance.

### Efficient Performance

Our Energy Star rated DishDrawer™ Dishwashers use the energy they need without compromising on wash performance.

## SPECIFICATIONS

### Accessories (included)

- Cutlery basket
- Knife clip and multipurpose clip

### Capacity and loading

Accommodates round plates up to	12.25"
Adjustable height, foldable cupracks	•

### Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
