

# Heat Pump Dryer, 9kg, Steam Care

Series 9 | Heat Pump

White

Better energy efficiency and fabric care with heat pump condensing technology, which quickly dries your clothes at a lower temperature.

- 23 fabric care cycles including Steam Freshen to quickly dewrinkle and deodorise your clothes
- TangleProtect technology reduces clothes tangling and ensures even drying
- Speed mode reduces drying times of cycles
- Class-leading 10-star energy rating

## DIMENSIONS

Height	850mm
Width	600mm
Depth	670mm

## FEATURES & BENEFITS

### The pinnacle of fabric care

Intuitive controls with clever drying hints help you get the best results. The LCD display provides a simple interface to select from 23 dry cycles; including Steam Freshen, Hygiene, Activewear, Wool, Silk and Denim.

### DEWRINKLE, DEODORISE, DETANGLE

Steam cycle is perfect for occasions where clothes have been worn once and need freshening up. An alternative to full-cycle washes, it removes odours without using detergent, and gently eases the creases out of clothes to save you precious time spent ironing.

### Customise your drying with Optimise Dry

For a focus on energy efficiency, dry with the default Optimise Dry Eco option. Choose Speed to shorten cycle times, while Quiet mode reduces cycle noise – perfect for late night laundry. Available on Everyday, Cottons, Towels and Heavy cycles.

### TANGLEPROTECT TECHNOLOGY

TangleProtect technology pairs an advanced air circulation system with true reverse tumbling to reduce tangling and balling during the dry cycle – ensuring your clothes and sheets are dried consistently and evenly.

### Faster dry times

Speed mode utilises a variable speed compressor to deliver a faster drying time, closer to timings experienced with vented dryers.

## A perfect 10

This dryer uses heat pump technology to gently and effectively dry clothes at low temperatures. With an outstanding 10-star energy rating, you can dry with confidence.

## HEALTH AND HYGIENE

The Hygiene cycle provides extra protection for your clothes. The extra high dry temperature is designed to kill more than 99.9% of bacteria and reduce allergens, perfect for durables such as sheets and towels.

## SPECIFICATIONS

### Consumption

Energy rating	10 star
Energy usage	105kWh/year
In-use energy carbon	68.4kgCO2e/year
